

BULLYING PREVENTION AND INTERVENTION POLICY

Rosebank College has a zero-tolerance policy toward child abuse, promoting a safe, inclusive environment and using transparent, risk-based approaches to ensure child safeguarding.

1. Purpose

Rosebank College has a zero-tolerance policy for bullying. All students, their families, and college employees have the right to a safe and healthy learning and working environment, free from intimidation, humiliation, and harm.

As a Catholic school, and in the spirit of St. Benedict and the Good Samaritan, Rosebank College strives to help students develop values such as honesty, tolerance, understanding, self-discipline, cooperation, and resourcefulness.

Rosebank fosters a culture of inclusion, dignity, and respect, where students feel safe and secure in a welcoming school environment. For effective learning to occur, every student must feel safe and secure at school. Students are expected to familiarise themselves with Rosebank's Student Welfare Charter, which is available on the website and in the Student Diary.

This policy aims to minimise the occurrence of bullying and outline the process for responding to bullying incidents, including:

- a) A whole-of-college community's approach to bullying involves staff, students, and parents.
- b) Continuous bullying prevention strategies, with a focus on teaching age-appropriate skills and strategies to empower staff, students, and parents to recognise bullying and respond appropriately.
- c) Tailored bullying response strategies based on the circumstances of each incident.
- d) Staff training to be positive role models with an emphasis on building and promoting a "no-bullying" culture.
- e) A review of Rosebank's bullying prevention and intervention strategies on an annual basis, against best practice.

2. Scope

This policy applies to all College staff, students and parents.

3. What is Bullying?

Bullying is repeated and intentional behavior of causing fear, distress, or harm towards another person that involves an imbalance of power. It can involve humiliation, domination, intimidation, victimisation, and harassment. In any bullying incident, there are likely to be three parties involved:

BULLYING PREVENTION AND INTERVENTION POLICY

- a) the bully,
- b) the person being bullied, and
- c) the bystander.

Bullying may occur anywhere (e.g., at home, online, among friends), and it can take many forms, including:

- a) **Physical bullying** involves physical actions such as hitting, pushing, obstructing, or using force to hurt or intimidate someone. Damaging, stealing, or hiding personal belongings is also a form of physical bullying.
- b) **Psychological bullying** involves the use of words or actions to cause psychological harm. It includes name-calling, teasing, or making fun of someone because of their actions, appearance, physical characteristics, cultural background, gender, or sexual orientation.
- c) **Indirect bullying** is usually not easily recognised by others. It involves deliberate acts of exclusion or spreading untrue stories about someone with the purpose of causing harm or intimidation.
- d) **Cyberbullying** involves the use of technology to threaten or cause harm to someone. Cyberbullying can occur through emails, text messages, mobile phones, chat rooms, and social networking sites (e.g., Facebook, X, Instagram, Discord, Twitch, TikTok). Cyberbullying may include:
 - i. Posting rude or offensive comments on social media.
 - ii. Sending hateful texts or emails.
 - iii. Sending inappropriate and unwelcome texts or emails (e.g., containing sexual material or of a sexual nature).
 - iv. Disrespecting someone's privacy (e.g., online stalking).
 - v. Sharing confidential information or untrue stories about someone online, including doxing.
 - vi. Sharing images (including AI-generated) or videos of someone online to cause harm or distress.

4. How Can Bullying Affect Someone?

Bullying may affect people in different ways. A person subjected to bullying may feel:

- a) Guilty and believe they caused the bullying.
- b) Hopeless and believe they cannot change the situation.
- c) Alone.
- d) That they don't belong to a group.
- e) Depressed and rejected.
- f) Unsafe and afraid.

BULLYING PREVENTION AND INTERVENTION POLICY

- g) Confused.
- h) Stressed.
- i) Ashamed.

A person who witnesses bullying may also be affected by it; they may feel angry, unsafe, or sad. They might worry that they will be bullied too.

5. What Isn't Bullying?

There are many negative situations which, whilst being potentially distressing for students, are not bullying. These include:

- a) Mutual Conflict Situations which arise where there is disagreement between students but not an imbalance of power. Mutual conflict situations need to be closely monitored as they may evolve into a bullying situation.
- b) Single incidents that might involve aggression or meanness, e.g., loss of temper, shouting or swearing, social isolation, or random acts of aggression do not normally constitute bullying. Single incidents may result in bullying.

6. Responsibilities

The prevention and response to bullying is a shared responsibility, and staff, parents, and students should actively foster and contribute to ensuring that Rosebank is a healthy and safe environment.

Bullying consequences may result in disciplinary measures, including suspension and exclusion, as well as legal consequences.

9. Reporting Bullying

Students and their parents are sometimes reluctant to pursue bullying incidents for fear that it could escalate the issue. However, reporting bullying incidents is a key part of the College's bullying prevention and intervention strategy, as Rosebank is unable to address bullying if it is unaware that it is happening.

Rosebank will take students' and parents' concerns about bullying seriously and will respond with a strategy appropriate to the circumstances.

Bullying incidents can be reported verbally or in writing to any staff member, including teachers, counsellors, house coordinators, deans/assistant deans of pastoral care, the principal, or the assistant principal. Parents are encouraged to learn to recognise signs of bullying and notify the College if they suspect their child is a victim of bullying.

The College acknowledges that reporting alleged bullying incidents can be a sensitive matter, and concerns may arise regarding potential escalation. However, in order to effectively address and resolve such incidents, a thorough investigation is required. This process enables the College to obtain comprehensive information, assess the situation's dynamics, and implement appropriate interventions. The College is committed to a collaborative approach with parents, ensuring all concerns are treated with due respect and confidentiality. As part of its fundamental duty of care to all students, the College must be able to investigate reported allegations to ensure a safe and supportive learning environment

Rosebank records all bullying reports in the *Bullying Register*.

BULLYING PREVENTION AND INTERVENTION POLICY

If parents believe a bullying incident has not been effectively dealt with, they must refer the matter to the principal or the principal's delegate. Parents may also refer to Rosebank's Complaints Management and Resolution Policy.

In circumstances where the nature and seriousness of the bullying behaviour are such that it may be criminal or require notification to any mandatory external reporting authority; Rosebank College reserves the right to make this notification. This may include physical assault, threats of violence, problematic sexual behaviour, or student-to-student sexual abuse.
